

HAMZA KHALID

Full Stack Web Developer & Sales Professional

hamzabhai1297@gmail.com | +92 305 195 8846 | Mian Channu, Punjab, Pakistan | linkedin.com/in/m-hamza-kh

PROFESSIONAL SUMMARY

Full-stack web developer and sales professional with 6+ years of experience. Co-founded Naxotop PVT LTD (web development company) and NayaBazar.pk (delivery startup, 30,000+ downloads). Independently designed and built MorEazy POS — a complete offline restaurant point-of-sale system (Electron.js desktop app + PHP/MySQL licensing website) — from architecture to shipping, solo. Combines hands-on development with proven business and operations experience.

WORK EXPERIENCE

Full Stack Developer (Independent)

Feb 2026 — Present

Independent / Freelance — Full-Stack Product Development

- Designed, coded, and shipped MorEazy POS — a complete offline restaurant POS built with Electron.js, Node.js, and better-sqlite3, paired with a PHP/MySQL licensing & management website.
- Built the full product architecture solo: SQLite data layer, Electron shell, billing, table management, product variants, sales reports, PIN-based multi-user login, and thermal receipt printing.
- Developed companion website: customer dashboard, license activation API, staff sync, cloud backup, payments, and support tickets.
- Created custom REST API (/api/activate, /api/verify, /api/staff, /api/backup) with shared app secret, rate limiting, and one-license-per-device enforcement.
- Currently developing additional full-stack web projects — expanding independent product portfolio.

Co-Founder & Project Manager

2020 — 2026

Naxotop.com PVT LTD — Web Development Company, Pakistan

- Co-founded and managed a web development company for 6 years, overseeing 50+ projects from design to delivery.
- Documented functional requirements and managed development teams as the link between clients and developers.
- Personally developed early-stage projects (blogging platform, school website, student management system) using HTML, CSS, JS, and PHP.
- Led a major project for a France-based daycare company (140+ daycares) — web application, contract signing system, and employee tracking tool.
- Managed full-cycle web tool projects for an India-based company — video & image editing web tools from scratch.

Co-Founder & Operations Lead

2023 — 2026

NayaBazar.pk — E-Commerce & Delivery Startup, Mian Channu

- Designed entire app UI/UX from scratch; coordinated development of customer app, seller POS, manager dashboard, and super admin dashboard.
- Onboarded 100+ local shops with 11,000+ products; grew app to 30,000+ downloads in one year.
- Managed 100-150 daily deliveries, team hiring, staff management, and all office operations.
- Created launch plan, marketing strategy, social media ads, and all campaign materials.
