

50+ Web projects managed at Naxotop PVT LTD	0 → 1 Built & managed NayaBazar app from scratch	100–150 Daily deliveries operated	100+ Shops onboarded by field visits
--	---	--------------------------------------	---

PROFILE

Sales & operations professional with 6+ years building and running two businesses. Co-founded Naxotop PVT LTD (web development company) managing international client projects, and NayaBazar.pk (local delivery startup) — handling everything from app design and launch to onboarding 100+ shops, 30,000+ downloads, and 100–150 daily deliveries. Skilled in project management, team building, marketing, and end-to-end operations.

EXPERIENCE

Co-Founder & Project Manager2020 – 2026

Naxotop.com PVT LTD · Web Development Company · Pakistan

- ▶ Co-founded and managed a web development company for 6 years, overseeing projects from design to delivery.
- ▶ Sourced new clients via social media promotion, then documented full requirements and got client sign-off before development began.
- ▶ Guided the development team step-by-step as project manager — the main link between clients and developers.
- ▶ Personally developed early-stage projects (blog platform, school website, student management system) using HTML, CSS, JS, and PHP.
- ▶ Led a major web app project for a France-based daycare company (140+ locations) — including contract signing and employee tracking systems.
- ▶ Delivered full-cycle web tools for an India-based company, plus an internal Employee Management Tool and marketing videos for Naxotop.

Co-Founder & Operations Lead2023 – 2026

NayaBazar.pk · Local E-Commerce & Delivery Startup · Mian Channu

- ▶ Designed the entire app UI/UX from scratch and coordinated the development team throughout build.
- ▶ Defined requirements and finalized features for the mobile app, Manager Dashboard, Seller POS System, and Super Admin Dashboard.
- ▶ Created the launch plan, marketing strategy, social media ads, and campaign designs.
- ▶ Onboarded 100+ local shops with 11,000+ products listed on the platform.
- ▶ Grew the app to 30,000+ downloads in one year through hands-on marketing execution.
- ▶ Managed 100–150 daily deliveries, team hiring, and daily operations — continuously improving the platform from customer feedback.
